Description

2026 EZ Hauler EZEC 8.5x16 XLT Pro Series — Enclosed Car Hauler

Load it up, shut the door, and head down the road. This EZ Hauler EZEC 8.5x16 XLT Pro Series is built for folks who need more than just a basic cargo trailer. With the wider 8.5' interior, 16' of length, and a lineup of upgrades, this one is ready for everything from cars and powersports to equipment, tools and weekend toys.

The curbside front side door makes getting in and out a whole lot easier, especially when you're using the trailer as a hauler, workspace or mobile storage.

What's Packed Into This EZ Hauler?

- 8.5' x 16' enclosed car hauler
- XLT Pro Series
- Curbside front side door for convenient access
- Upgraded ACP (Aluminum Composite Panel) construction
- Rear Door Canopy — Economy Version
- Wide-body design gives you additional room for vehicles, equipment and cargo
- Enclosed protection from Colorado weather and road grime
- Versatile setup for car hauling, powersports, contractors, equipment, racing, recreation and more

-

Why Go 8.5' Wide? Because sometimes 7' just isn't enough.

The extra width makes loading vehicles and larger equipment easier while giving you more usable room around whatever you're hauling. And with the enclosed design, your cargo isn't sitting out in the weather—or advertising to everybody on the highway what you've got in the trailer.

The rear door canopy is another handy touch, giving you a little more coverage when you're loading, unloading or working out of the back.

Ready to Haul? This EZ Hauler 8.5x16 XLT Pro Series is a seriously versatile trailer with the features to make it useful far beyond simply getting something from Point A to Point B.

Stop by Great West Trailer & Truck in Fort Morgan, Colorado, and take a look. We'll help you make sure the trailer fits your vehicle, your cargo and the jobs you've got planned.
