**Description**

This 2027 Homesteader Intrepid 7' x 14' HD cargo trailer in White gives you the same heavy-duty 14,000 lb GVWR rating as its larger siblings in a more compact, easier-to-store footprint. Dexter axles with brakes on both axles handle the weight with confidence, and a 7' interior height lets you walk in fully upright to load and organize cargo. The rear ramp door makes loading equipment or vehicles simple, and a separate side door lets you in and out without dropping the ramp. Built with 12" on-center crossmembers, a 3/4" plywood floor, and 3/8" plywood walls, this trailer is designed to handle real work. LED interior lighting, a forged steel tow eye, and 235/80R16E tires finish out the package. With 10,908 lbs of payload capacity, this Homesteader Intrepid HD cargo trailer is priced at $9,199.
