Description

Pace American 8.5' x 20' Outback DLX Enclosed Cargo Trailer
Built for work, recreation, and vehicle hauling, this Pace American 8.5' x 20' Outback DLX combines a spacious interior with a sharp Composite Black exterior. The flat-top V-nose design, black-accented aluminum wheels, and rear LED loading lights give this trailer a clean, premium appearance while providing the features needed for serious hauling.
Equipped with tandem 5,200 lb drop axles with electric brakes and a 10,000 lb GVWR, this trailer is ready for cars, motorcycles, UTVs, equipment, tools, and general cargo. The 84" interior height provides plenty of headroom, while the durable 3/4" high-performance floor is built for regular use. Loading is made easier with a rear ramp door and 16" extension, helping create a smoother transition for low-clearance vehicles and equipment. An extra ramp-door grab handle adds convenience, and four floor-mounted D-rings provide secure tie-down points for your cargo. The rear flare with two LED loading lights adds valuable visibility when loading or unloading after dark.
Features include:
8.5' x 20' enclosed cargo trailer
Flat-top V-nose design
Composite Black exterior
10,000 lb GVWR
Tandem 5,200 lb drop axles
Electric brakes
84" interior height
Rear ramp door with 16" extension
Extra grab handle on ramp door
12" extended tongue
Adjustable 2-5/16" coupler
5,000 lb set-back top-wind tongue jack
3/4" high-performance flooring
Four floor-mounted D-rings
Rear flare with two LED loading lights
Aluminum wheels with black accents
With its 20' cargo area, heavy-duty tandem axle setup, extended loading ramp, and integrated tie-downs, this Pace American Outback DLX is a versatile choice for hauling vehicles, powersports equipment, tools, or cargo.
