## Description

### Multi-purpose Compact Tractor

After nearly 30 years, 2021 marks the return of Yanmar America's classic YM tractor series, operating in the 42 to 59 horsepower range. This series features tractors for the next generation of traditionalists - those looking for the features, benefits, and 10-year warranty associated with the Yanmar brand, with a nod to their family tractor from years past.

## Description

Old school work ethic with new school technology.
The original YM series tractors were referred to as "the over achievers" -- and with features like 540 economy PTO, 2,500lb lift capacity, and Yanmar's proven performance link technology -- that legacy continues with the YM3.
\
The YM342 is equipped with a 41 horspower engine and a maximum traveling speed of up to 17.7mph

## Features

Synchronized shuttle shift
Single rear remote
15.3" ground clearance
Wide 72" bucket
Convenience designed in
Versatility with attachments
Flat iSO mount floorboard with anti-slip step
More power on the ground
Comfort and efficiency built right in
