Description

SE Series Cargo Trailer
The SE Series Cargo Trailer from ITI Cargo is built for those who expect more from their enclosed trailer. Designed for performance and lasting durability, this cargo trailer blends rugged strength with clean style to deliver reliable hauling for work or play.
Key Benefits
16" On-Center Crossmembers and Wall Studs — Stronger Frame Support
Consistent framing throughout the trailer helps prevent flex, sag, and structural wear under heavy use.12" Ramp Transition Flap — Smooth Loading and Unloading
Reduces the ramp angle at the base for easier entry of wheeled equipment and cargo.VHB-Bonded, Screwless Aluminum Exterior — Clean, Sleek Appearance
Provides a modern, rivet-free look while reducing vibration and enhancing long-term durability.BattleCoat Polyurea Textured Coating on Exposed Steel Surfaces — Rugged Corrosion Protection

Shields vulnerable areas like the tongue and rear corner posts from rock chips, rust, and harsh weather.Automotive Undercoat — Added Protection Beneath the Trailer
Applies a thick seal to the underside of the trailer to guard against moisture and road grime.Drop Spring Axles — Smooth and Steady Towing
Reliable, low-maintenance axles that provide a lower deck height for easier cargo access.
Why Choose the SE Series Cargo Trailer?
Overview
The SE Series Cargo Trailer by ITI Cargo offers hardworking performance and dependable protection in an enclosed trailer built for demanding conditions. Whether you're hauling tools to a jobsite or transporting gear for your next weekend adventure, the SE Series is built to keep up. Its steel frame is built with 16" on-center crossmembers and wall studs for consistent strength throughout, and it's available with either a flat front or a V-nose for aerodynamic towing.Built for Demanding Use
This trailer is finished with a bonded aluminum exterior that eliminates visible fasteners and looks great on the road or parked at the job. Beneath the surface, an automotive undercoat and BattleCoat coating on exposed steel components help shield the trailer from rust, chips, and corrosion. Each unit includes a one-piece aluminum roof and LED lighting inside and out, giving you reliable protection in every season.Versatility in Every Load
From landscaping tools and construction equipment to motorcycles and weekend toys, the SE Series is designed for adaptability. The 12" ramp flap and low deck height make loading easier, while available sizes offer the right fit for your specific hauling needs. Whether you're a contractor, hobbyist, or weekend warrior, this trailer delivers flexibility and function.Reliable on the Road
Outfitted with drop spring axles for a stable ride and LED lights for high visibility, the SE Series offers a worry-free towing experience. Quality materials and thoughtful construction make it a reliable choice for anyone who depends on their trailer day in and day out. It’s the enclosed cargo trailer built to go the distance—backed by the confidence of the ITI Cargo name.
