Price: $4,795.00

MSRP: $4,966.00

Description

The Rust-Proof Workhorse: 2026 Sure-Trac 6x12 Aluminum 3-Board Utility Trailer

If you are tired of watching your steel trailer bubble and rust after two New Jersey winters, it’s time to move up to aluminum. The Sure-Trac Aluminum 3-Board Utility is for the professional or property owner who wants a "lifetime" trailer. It combines the weight savings and corrosion resistance of a high-grade aluminum frame with the rugged, replaceable containment of 5/4 treated lumber sides. This 6x12 model is the ultimate "surgical" tool—small enough to maneuver through a backyard gate or park in a tight garage, but tough enough to haul a literal ton of mulch, stone, or equipment.

The Aluminum Advantage: Lighter, Stronger, Cleaner

• Zero-Rust Construction: Aluminum doesn't care about road salt. The 2" x 2" aluminum tube top rail and 4" x 2" tube tongue are built to stay structurally sound and look brand new for a decade, even in the worst NJ slush.
• Increased Payload: Because the frame is aluminum, it’s lighter than steel. That weight savings goes directly back into your payload capacity. At only 1240 lbs empty, you can legally haul over 1750 lbs of cargo.
• The 3-Board Containment System: Unlike open-rail trailers, the 3-board sides create a "bin" effect. This is essential for hauling loose materials like firewood, clippings, or mulch that would otherwise bounce out on the highway.
• High-End Aesthetics: Standard 15" aluminum wheels and a high-gloss finish give this trailer a professional look that represents your business (or your driveway) far better than a rusty "big box" special.

Specifications at a Glance

GVWR 2,990 lbs
Empty Weight 1240 lbs
Net Payload 1750 lbs
Frame & Top Rail 2" x 2" Aluminum Tube
Sides 5/4 Pressure Treated Lumber
Decking 2" x 6" Pressure Treated Pine
Wheels 15" 5-Lug Aluminum
Jack 1K Swivel Jack w/ Caster Wheel

Pro-Level Features Come Standard

• Fold-Flat Aluminum Ramp: The 4' aluminum ramp is lightweight and features a spring assist. It also folds flat against the deck when empty, cutting wind resistance and saving you gas on the highway.
• Integrated Tie-Downs: Includes (4) 1/2" D-rings factory-installed, providing secure anchor points for equipment that won't pull out like cheap surface-mount loops.
• Swivel Caster Jack: The swivel jack allows you to move the trailer around by hand on a paved surface with ease—perfect for tucking it into a corner of the garage.
• LED Lighting: Full LED, DOT-compliant lighting package tucked into the frame for maximum protection and visibility.

Looking for an Aluminum Utility Trailer in North Jersey? The Sure-Trac 3-Board is the highest-value aluminum unit on the lot. It’s the perfect blend of a dump trailer’s containment and a utility trailer’s weight.

Note: Cash/Check price listed. 3% Credit Processing Fee applies. NJ Residents pay 6.625% Sales Tax at purchase.
