Description

Big Tex 10CH-20 83x20 Car Hauler (9.9K)

The **Big Tex 10CH-20 83x20 Car Hauler** is a heavy-duty tandem axle trailer built for hauling cars, trucks, side-by-sides, tractors, and other rolling equipment. With an **83-inch-wide deck**, **20-foot bed length**, and **9,990 lb GVWR**, it offers substantially more carrying capacity than a standard 7K car hauler while remaining in a practical bumper-pull configuration.

The **10CH-20** uses tandem 5,200 lb premium cambered axles with forward self-adjusting electric brakes, multi-leaf spring suspension, and a rugged angle-iron frame. Treated pine decking and side slide-in ramps provide a straightforward loading setup, while the adjustable Demco EZ Latch coupler and 8,000 lb set-back jack make hookup and everyday use easier.
