Overview

Designed for residential tasks and small-scale projects, the H&H Homeowner Dump Trailer delivers powerful performance in a compact, manageable size. Whether you're hauling mulch, firewood, or debris, this mini dump trailer gets the job done without overcomplicating the process. It’s purpose-built for people who want pro-level function in a smaller, simpler package.

Available Models

At 54" wide by 8' long, with a single 3,500-lb axle, this dump trailer is engineered for lightweight hauling applications where maneuverability, simplicity, and dependable dumping action are key.

Standard Features

Standard equipment includes a detachable tongue, power-up/power-down hydraulic lift, integrated body stiffening system, 12" tall sides, 2"x4" tubular frame, a black powder coat finish, and full DOT lighting. Both front and rear panels can be removed and repurposed as ramps—perfect for loading small equipment without hassle.

Ideal Uses

From moving landscaping materials to clearing fallen branches or hauling gravel for a backyard project, the Homeowner Dump Trailer offers the right mix of convenience and toughness. It's ideal for homeowners, homesteaders, small property managers, and hobby farmers who need a reliable

dump trailer without the size and weight of a commercial model.
