Price: $22,800.00

Description

Diamond C 24' HDT210-GN Gooseneck Hydraulic Dampened Tilt Equipment Trailer
Built for serious equipment hauling, this Diamond C 24' HDT210-GN combines a heavy-duty gooseneck design with the convenience of a hydraulically dampened gravity tilt deck. With an 8' stationary deck and 16' tilt bed, this trailer provides a versatile, ramp-free setup for hauling skid steers, mini excavators, tractors, lifts, and other heavy equipment.
The HDT210-GN is built around Diamond C's Engineered Beam frame with 3" I-beam crossmembers on 16" centers. Tandem 10,000 lb straight torsion axles with electric drum brakes provide the foundation for heavy-duty hauling, while ST235/75R17.5 18-ply steel super single tires offer excellent durability under demanding loads.
Up front, the engineered 12" gooseneck features a 30K Curt square 2-5/16" coupler and an integrated winch tray, giving you a convenient location to add a winch for loading disabled or non-running equipment. Dual 20K Simol 2-speed drop-leg jacks make supporting and leveling the trailer easier.
Finished in Carbon Metallic Gray, this HDT210-GN is equipped with super heavy-duty diamond plate fenders, a treated wood deck, integrated tie-downs, and LED lighting for a premium heavy-equipment hauling package.
Features include:
24' x 82" equipment trailer
8' stationary deck with 16' tilt bed
Hydraulically dampened gravity tilt system
Diamond C Engineered Beam frame
3" I-beam crossmembers on 16" centers
Tandem 10,000 lb straight torsion axles
Electric drum brakes
30K Curt square 2-5/16" gooseneck coupler
12" engineered gooseneck
Integrated gooseneck winch tray
Dual 20K Simol 2-speed drop-leg jacks
3/16" diamond plate super heavy-duty fenders
2" treated wood floor
Four 5/8" D-ring tie-downs
