Price: $5,995.00

MSRP: $5,995.00

Description

The Sure-Trac Model ST7812SATE-B-078 is a commercial-grade 6.5' x 12' Single Axle Tilt Bed Equipment Trailer engineered specifically for the efficient transport of compact machinery. Boasting a robust 7,800 lb. GVWR, this premium gravity-tilt model completely eliminates the need for cumbersome ramps. Instead, it utilizes a hydraulic cushion load cylinder and an integrated diamond-plate knife-edge tail to deliver a low-profile, seamless loading transition for scissor lifts, mini trenchers, walk-behind loaders, and compact tractors

Key Specifications

Dimensions: 78-inch (6.5 feet) bed width by 12-foot bed length.

Weight Ratings: 7,800 lbs. Gross Vehicle Weight Rating (GVWR), 1,900 lbs. empty curb weight, and a highly capable 5,900 lbs. payload capacity.

Running Gear: Single 7,000 lb. torsion brake axle equipped with self-adjusting electric brakes and EZ Lube hubs.

Tires & Wheels: Heavy-duty ST235/80R16E 10-ply radial tires mounted on 16-inch, 8-lug black steel wheels

Premium Structural & Functional Features

Industrial Framework: Constructed from a rigid 5" x 2" steel tube main frame and tongue, supported by 3" steel channel crossmembers spaced at 16 inches on-center.

Controlled Gravity Tilt: Equipped with a hydraulic cushion dampener cylinder and dual safety transport latches to optimize operator safety during loading and transit.

Premium Deck & Tie-Downs: Standard 2-inch pressure-treated pine decking bordered by a functional rub rail and stake pockets, complemented by four recessed 1/2-inch D-rings for secure cargo fastening.

Commercial Hardware: Features a 2-5/16" adjustable coupler (10" to 19" adjustable height), a set-back 7K drop-leg jack, an HD tube bulkhead for forward load protection, and a lockable A-frame steel tongue toolbox.

Finish & Electrical: Enveloped in a highly durable, sandblasted powder coat finish (industrial-grade polymer), paired with a completely sealed wiring harness and rubber-mounted all-LED lighting
