Description

ST® DLX Cargo Trailer
The ST® DLX Cargo Trailer delivers durability and versatility for every haul. Built on a rugged steel tube frame with a V-nose profile, it offers smooth towing and dependable performance. Enjoy easy access with a SOLIDOOR™ side entry and your choice of rear ramp or barn-style doors. Built to last, it features a seamless aluminum roof, Battlecoat™ protection, and high-performance wood walls and flooring. Perfect for work or play, the ST DLX is your reliable enclosed cargo trailer solution.
You need a trailer that can handle the demands of your work and adventures. LOOK trailers are built for long-term performance, giving you the confidence to haul whatever, wherever.
Key Benefits
Battlecoat® Textured Coating
Textured polyurea coating is applied to exposed surfaces such as rear corner posts, fender wells, and tongue rails that resists scratches, is impervious to de-icing chemicals, and protects your trailer for years to come.Asphalt Based Automotive Undercoat
The asphalt-based automotive undercoat provides long-lasting protection against road debris, moisture, and corrosion, further extending the trailer’s lifespan.Steel Tube Wall Studs and Roof Bows
Structural steel tube wall studs and roof bows offer superior strength, durability, and resistance to bending or warping compared to stamped or formed metal sections, ensuring a more rigid and reliable trailer frame.SOLIDOOR™ Side Entry
The precision-engineered SOLIDOOR™ with CNC-cut aluminum extrusions and a laminated core ensures a perfectly square fit in the frame, providing a secure, leak-proof seal for lasting protection against the elements.
Why Choose a LOOK ST® DLX Cargo Trailer?
Overview
The ST DLX Cargo Trailer combines rugged construction with practical design, making it a trusted choice for hauling gear, tools, or toys. Its enclosed trailer design ensures secure transport, while a V-nose profile and steel tube frame deliver both performance and dependability. Loading and access are easy with your choice of a rear ramp door with assist or barn-style double doors, plus a precision-built SOLIDOOR™ side entry for a square, leak-resistant fit.Frame and Construction
Built for strength, the ST DLX features steel tube wall studs and roof bows, providing superior rigidity compared to stamped or formed sections. The V-nose front enhances aerodynamics while adding extra storage capacity. Drop spring axles with easy lube hubs offer a smooth ride, and Battlecoat® Polyurea coating protects exposed surfaces from wear. Additionally, an asphalt-based automotive undercoat shields the frame from moisture and road debris for lasting durability.Exterior Features
The ST DLX Cargo Trailer is designed for durability in any environment, featuring a seamless aluminum roof and a partially screwless .030” aluminum exterior secured with VHB bonding and color-matched screws for a clean, resilient finish. A 16” ATP stoneguard guards against road debris, while sidewall airflow vents promote ventilation. The CAD-engineered SOLIDOOR™ side entry, with precision cut aluminum extrusions and a laminated core, ensures a precise, weather-

resistant seal.Interior Features
Inside, the ST DLX enclosed trailer offers a tough, practical workspace with high-performance engineered wood walls and 3/4” engineered wood flooring, built to withstand heavy loads and daily use. Vinyl-trimmed wall transitions add a clean, finished look. Interior visibility is assured with an LED light and a wall-mounted switch, while all-LED exterior lighting enhances safety on the road. With rugged construction and practical features, the ST DLX Cargo Trailer is built to handle every haul.
