Price: $14,999.00

MSRP: $19,499.00

Description

The 2027 PJ DM is PJ Trailers' low-pro high-side dump trailer built for contractors who need maximum volume capacity with a lower deck height. The 48" tall UniWall steel sides and 8" I-beam frame make it ideal for bulk material hauling — mulch, gravel, debris, and more. The taller sides hold a genuine load of mulch or light debris, where a low-side dump would be full long before it was heavy.

• 21K - GVWR with tandem 7,000-lb electric/spring axles
• 8" x 10 lb I-beam main frame with 3" channel crossmembers on 16" centers

• 16FT bed with 7-gauge steel floor and 48" 10-gauge UniWall high sides
• Hydraulic scissor hoist (5" x 17" cylinder) — power up / power down / gravity down
• Two-way barn door / spreader gate with 6'5" slide-in channel ramps and roll-up tarp kit
• BP 2-5/16" adjustable Demco EZ-Latch coupler with 12,000-lb drop-leg jack
Please give us a call for details and current trailer availability. Descriptions are subject to possible errors, so we recommend calling to verify all information.
