Wiring: 7-way RV
Finish: Powder coated
? 18 FEET OF HAULING SPACE

The 18' x 83" PJ UL182 gives you plenty of deck space for longer loads while maintaining the convenient 83" width.

This is an excellent choice when a 14' or 16' utility trailer isn't quite long enough. The extra deck length makes it easier to haul ATVs, UTVs, mowers, equipment, building materials, farm equipment, and landscaping supplies.

? TANDEM-AXLE 7,000-LB UTILITY TRAILER

With a 7,000-lb GVWR and tandem 3,500-lb axles, the UL182 is designed for customers who need more capacity and stability than a single-axle utility trailer can provide.

empty weight of 2,155 lbs, the calculated payload is 4,845 lbs.

? SIDE ATV RAMPS

One of the biggest advantages of this particular UL182 is the side-mount ATV ramps.

The ATV ramps allow you to load recreational vehicles from the side of the trailer, making this configuration especially useful for ATVs and four-wheelers. PJ Trailers specifically offers the side-mount ATV ramp option on its UL utility trailer

? GREAT FOR

? ATVs and four-wheelers
? Side-by-sides and UTVs
? Riding lawn mowers
? Landscaping equipment
? Farm and ranch equipment

? Construction materials
? Fencing and building supplies
? Contractor equipment
? Small tractors and implements
? General utility hauling

?? PJ TRAILERS QUALITY

The UL series is PJ Trailers' 83"-wide tandem-axle channel utility platform, designed for everything from small tractors to light-duty equipment. PJ lists the UL platform in multiple lengths, including 18', with a 7,000-lb GVWR configuration.
