Price: $6,445.00

Description

Overview

Buyers Products SaltDogg SHPE2000 Electric Poly Hopper Spreader gives contractors and facility managers a low-volume hopper spreader ready for residential or commercial use. Electric power means quieter operation with no need for refueling or engine servicing.

The durable 2 cubic yard poly hopper features a patented double-wall construction. It fits a 3/4 ton or 1 ton pickup truck and uses a bulk salt or a 50/50 salt/sand mix.
The spreader features a 2-1/2 in. stainless steel auger and trough with a 200 lb capacity vibrator to keep material flowing. The auger will automatically reverse if it gets jammed to clear the clog and restore flow. It's powered by an independent 1/2 HP, 12V gear motor.
A 14 in. polymer spinner, powered by an independent 1/4 HP, 12V gear motor, can cast a 5-30 ft radius. The vibrator and auger/spinner speeds are controlled by a closed-loop in-cab controller.
The SHPE2000 also comes outfitted with a top screen, tie downs, fitted tarp, and remote auger bearing grease kit.
The SaltDogg EZ Lid(tm) (sold separately) is also available for 2018+ SHPE2000s. See "Related Products" below for more information.

Features

Sleek new design, same rugged construction on the patented 2 cubic yard double-wall poly hopper.

Fits a 1 ton truck with a minimum 6-1/2 ft bed.

12V DC-powered electric drive with independent auger and spinner motors.

Handles bulk salt or a 50/50 sand/salt mix.

In-cab control of independent auger and spinner speeds, with vibrator control.

14 in. poly spinner broadcasts material up to 30 ft. and can be easily removed for cleaning and storage. Includes high flow standard or extended length chute.

Stainless steel auger, open trough, and spinner shield for convenience and durability.

Auger auto reverse functionality helps clear jammed material.

Vibrator, top screen, tarp, tie downs and remote auger bearing grease kit included.

Forklift slots for ease of loading.

Backed with a 2 year warranty.

Made in the USA.
