Price: $8,445.00

Description

Overview

SaltDogg PRO3000 Electric Hopper Spreader with Auger gives contractors and property managers a powerful, durable spreader for dump trucks or flatbeds with a minimum 13,000 GVW (gross vehicle weight). The 3 cubic yard spreader handles bulk salt or a 50/50 salt/sand mix. Its electric-powered design means quieter operation with no need for refueling or engine servicing, giving you more time on the road.

A PRO series spreader is an investment made to last. The double-wall, lighter weight, all-poly hopper construction won't rust or dent. A simple cleaning makes it look like new. The spreader is equipped with a 5-1/4 in. full-length variable pitch steel auger with a stainless steel trough and a 3/4 HP, 12V gear motor. A 400 lb vibrator works in conjunction with the inverted V and auger to keep material flowing. A 14 in. polymer spinner, with its own independent 1/2 HP, 12V motor, casts material in a 5-30 ft radius. The PRO3000 features a two-position adjustable chute with 12 in. variable height to suit a variety of truck bed heights. The high-flow chute swings away from the hopper for easy bulk unloading.

Features

Fits trucks with minimum 13,000 lb GVW (gross vehicle weight).

Patented double-wall 3 cubic yard poly hopper won't rust or dent.

12V DC-powered electric drive with independent auger and spinner motors.

Handles bulk salt or a 50/50 sand/salt mix.

In-cab controls feature independent auger and spinner speed settings and vibrator control.

14 in. poly spinner broadcasts material up to 30 ft.

5-1/4 in. full length variable pitch steel auger with stainless steel trough keeps the material flowing.

Adjustable height chute accommodates different truck mounting heights.

400 lb vibrator, top screen, inverted V, tie downs, remote auger bearing grease kit included.

Hinged lids included.

Backed with a 2 year warranty.

Made in the USA.
