MSRP: $11,199.00

Description

The 2027 Valley Stock is a bumper-pull steel livestock trailer built in Leesburg, Ohio, where Valley has been making stock and horse trailers since 1981. It is the everyday trailer for hauling cattle, hogs and sheep to the sale barn or between pastures, with a swing/slide rear door, a centre gate and an escape door so you can work animals safely. Pressure-treated flooring over steel crossmembers takes the abuse livestock hauling puts on a floor.
• 7K - GVWR with (2) electric-brake axles, brakes on both axles

• All-steel frame with 3" x 2" x 3/16" steel crossmembers
• 2" pressure-treated wood floor
• 6'6" standard interior height
• Swing/slide combination rear door with multiple latch points
• Center gate (slider) and 32" escape door
• 225/75R15D tires on 6-hole mod wheels, plus a spare wheel and tire
• 2-5/16" ball coupler
• 12-volt breakaway kit with battery and LED exterior lighting
• TGIC powder coat finish

Please give us a call for details and current trailer availability. Descriptions are subject to possible errors, so we recommend calling to verify all information.
