- 3/8 in. cutting edge

QUICK & EASY ATTACHMENT

The new QuickMount II+(tm) with Jack Switch uses the plow's native hydraulics to fine-tune the lift frame height for easy alignment with your vehicle. No jack needed.

CLEAN, EVEN SCRAPE

The tubular steel Floating A-Frame features a sliding-pin connection so the plow contours the ground for a clean, efficient scrape. Outstanding performance at any mounting height.

SMOOTH FULL TRIP ACTION

Four stress-optimized trip springs protect your equipment from hidden curbs and obstacles. Heavy duty shocks cushion the trip, providing a smooth ride for plow and driver alike.
