Overview
The BEAST Tilt Trailers are CAM Superline®’s premier solution for hauling heavy equipment with ease. Built on a foundation of I-Beam mainframes and tongues, these tilt trailers provide structural integrity you can count on. Designed with functionality in mind, they feature torsion axles for smoother towing and a hydraulic cushion cylinder system for controlled tilting and safe loading. Whether you prefer a full-deck or split-deck configuration, both options meet the high expectations of contractors, haulers, and equipment operators alike.
Available Models
The BEAST is available in both full deck and split deck configurations in 15.4K, 17.6K, and 22K GVWR. Full deck models come in lengths of 18’, 20’, and 22’, while split deck configurations include 16’+4’, 16’+6’, and 18’+4’. All trailers include oil bath hubs, diamond plate fenders, and a 12K 2-speed set-back jack for easy hookup and leveling. Deck heights of 25” and load angles between 13° and 14° ensure easy equipment access.
Standard Features
Every model includes a heavy-duty steel bulkhead, pressure-treated pine decking, sealed wiring harness, LED rubber-mounted lighting, slip-resistant deck step, and a full-size lockable steel toolbox with an integrated LED light. Banjo tie-downs and D-rings (four on full deck, six on split deck) provide ample securement options. The finish is completed with premium industrial-grade polymer coatings to withstand the elements.
Options

Tailor The BEAST to your needs with a range of upgrade options including a gooseneck hitch, 7-gauge diamond plate fenders for added toughness, a solar charger with protective guard, and a 12K winch in a flip-up box. Add oak decking for enhanced surface durability, a pallet fork carrier for added utility, or chain spools and a rub rail for expanded tie-down capacity. Choose power tilt functionality with 110V charging to streamline your loading process even further.
Contact us for an exact out the door total.
We offer 100% secure financing with approved credit at Trailer Corner - We also will accept all major credit/debit cards, and we charge a 3% processing charge on all credit card payments. We can issue PA tags to instate buyers and can issue transit tags to our out-of-state buyers. Please contact us with any questions.
