Overview
CAM Superline® Tilt Trailers are designed to move equipment efficiently and safely with a full-tilt bed or split-tilt platform. Whether you're hauling compact machinery, construction tools, or utility vehicles, these tilt trailers simplify loading with a smooth hydraulic tilt system and durable, low-angle deck design. From landscapers to contractors, anyone needing rugged equipment trailers will find a reliable solution in this lineup.
Available Models
Four configurations are available to match your hauling needs: single axle tilt, tandem axle tilt, full deck tilt, and split deck tilt. Single axle models are ideal for lighter loads and tight spaces, while tandem and split deck models accommodate heavier machinery with increased stability. Full deck tilts provide a continuous platform for larger or wider equipment.
Standard Features
All CAM Superline® tilt bed trailers are built tough, with features like a fully sealed wiring harness, LED lighting, and diamond plate fenders. The frame and crossmember construction use structural channel steel for long-term durability. Every trailer includes a spare tire mount, 7-way SAE plug, safety chains, and an adjustable hydraulic cushion cylinder for controlled tilting. With standard D-rings and stake pockets, cargo can be secured in multiple ways.
Options

Outfit your tilt trailer with a variety of options to fit specific jobs. Choose gooseneck configurations for 11K and 15.4K models to boost capacity and stability. Add more D-rings for additional tie-down points or upgrade to oak or diamond plate steel decking for extra toughness. Hydraulic jacks, pintle hooks, and winch mounts are also available for enhanced utility.
Contact us for an exact out the door total.
We offer 100% secure financing with approved credit at Trailer Corner - We also will accept all major credit/debit cards, and we charge a 3% processing charge on all credit card payments. We can issue PA tags to instate buyers and can issue transit tags to our out-of-state buyers. Please contact us with any questions.
Not quite what you are looking for? We have a great variety of trailers in stock, and new inventory arriving daily. We also have access to hundreds of enclosed trailers built and ready to purchase.
