Steel Deluxe Flat Body (XFD)

Built to Work. Ready for Anything

The XFD is the backbone of demanding operations—engineered for commercial users who expect unrelenting performance from their flatbed. Equipped with industry-leading features like our integrated XRack—a precision mandrel-bent headache rack—our best-in-class XHitch, innovative XLights with strobe capability, and our corrosion-resistant XCoat finish, the XFD delivers power, durability, and a bold look to every job site.

Specs & Options

FeatureAvailabilityDetailsAvailable LengthsStandard84", 8'6", 9'4", 11'4"XCoatStandard
Proprietary multi-stage powder coating system delivering industry-leading corrosion resistance and a professional finish
XDeck
Standard
Fully recessed 1/8" steel treadplate deck maximizes cargo space and eliminates exposed edges, protecting against wear and corrosion
XRack
Standard
Fully integrated headache rack system, built into the body-not bolted on, with precision 3" x 4" steel tubing, mandrel bends, and built-in Xlights for unmatched strength, protection, and safety
XLights
Standard
Automotive-grade integrated taillights with stop, tail, turn, backup, and built-in amber strobe for maximum visibility and job-site safety
XHitch
Standard
Frame-integrated towing system with 30,000 lb gooseneck, 24,500 lb receiver, upright safety chain keepers, pre-wired electrical connections, and an emergency breakaway loop for the safest towing experience in the industry
Frame Rails
Standard
4" precision-cut structural channel steel runners for maximum strength and enhanced corrosion resistance
Crossmembers
Standard
3" roll-formed steel for superior deck support and load capacity
Side Rails
Standard
3/8" x 2" formed steel rub rails with integrated stake pockets for secure tiedown options
Side Rails
Standard
?” x 2” formed steel with stake pockets and tie-down compatibility
Fuel Fill
Standard
Angled fill neck with rear-facing design on cab chassis bodies for easy fueling and reduced splashback
Marker Lighting
Standard
DOT-approved LED bullet lights for reliable, road-ready visibility
Trailer Light Plug

Standard
Automotive-grade seven-way/four-way 12-volt hookup for easy, reliable trailer connections

Standard Features

XRack: Fully Welded Headache Rack
Fully integrated headache rack system, built into the body—not bolted on, with precision 3"?×?4" steel tubing, mandrel bends, and built-in XLights for unmatched strength, protection, and safety.

4” Structural Steel Frame Rails
Precision-cut structural channel steel runners for maximum strength and enhanced corrosion resistance.

XDeck: Fully Recessed
Fully recessed 1/8" steel treadplate deck maximizes cargo space and eliminates exposed edges, protecting against wear and corrosion.

Side Rails
3/8"?×?2" formed steel rub rails with integrated stake pockets for secure tie-down options.

Xcoat Protective Finish
Every XFD is finished with Xcoat—NXG’s proprietary multi-stage cleaning and powder coating process that delivers unmatched corrosion resistance, and a professional finish built for harsh environments.

XHitch: 30K Gooseneck / 24,500K Bumper Towing
No upgrades needed. The XFD is built to tow heavy and take on big jobs.

Clean Fuel Fill Design
Angled fill neck with rear-facing design on cab chassis bodies for easier fueling and reduced splashback.

XLights
NXG sets the new standard with XLight—an automotive-grade, fully integrated system engineered for superior visibility, durability, and modern styling. XLights provide all-in-one stop, tail, turn, and backup functions for maximum visibility and convenience. Featuring the industry’s only built-in amber caution light to reduce fleet costs, and backed by a lifetime warranty.

Engineered to Perform
