**Description**

ST DLX Car Hauler

Built tough for car enthusiasts, the ST® DLX enclosed car trailer offers premium protection and performance. Featuring a rugged tube steel frame, seamless aluminum roof, and Battlecoat™-protected surfaces, it's designed for durability. Enjoy easy access with a 36" SOLIDOOR™ side entry and a 4000 lb. rear ramp. Inside, engineered wood floors, LED lighting, and recessed D-rings keep your vehicle secure. Haul with confidence in this high-performance enclosed car trailer. You need a trailer that can handle the demands of your work and adventures. LOOK trailers are built for long-term performance, giving you the confidence to haul whatever, wherever.

Key Benefits

SOLIDOOR™ Side Entry Door

The CNC precision-cut extrusions and strong, flexible laminated core provide secure, easy access with durable construction built for frequent use.

Battlecoat™ Polyurea Coating

Shields exposed surfaces from scratches, chips, and corrosion for long-lasting protection.

Asphalt-Based Undercoat

Defends the trailer's underside against road debris, moisture, de-icing chemicals, and rust for extended durability.

Tube Steel Frame and Triple Tube Tongue

Delivers superior strength, stability, and reliable towing performance.

Why Choose a LOOK ST DLX Car Hauler?

Overview

The ST® DLX enclosed car trailer delivers top-tier protection and performance, perfect for car enthusiasts and professionals alike. Built on a rugged tube steel frame with a triple tube tongue, it offers unmatched strength for secure hauling. Key features like a seamless aluminum roof, Battlecoat™-protected surfaces, and a 4000 lb. rear ramp ensure durability and easy loading. Designed for convenience and safety, this enclosed trailer is your reliable partner for transporting valuable vehicles.

Frame and Construction

Engineered for strength, the ST DLX enclosed trailer features a tube steel frame and triple tube tongue, ensuring maximum stability and towing performance. Formed steel 16" on-center crossmembers as well as steel tube wall studs and roof bows deliver superior structural integrity. A seamless aluminum roof and asphalt-based undercoat protect against the elements, while Battlecoat™ Polyurea coating shields exposed surfaces from wear and tear. Together, these features create a durable and road-ready enclosed car trailer.

Exterior Features

The ST DLX stands out with its V-nose front profile, designed for improved aerodynamics and fuel efficiency. The partially screwless .030" aluminum exterior, secured with VHB bonding and color-matched screws, provides a clean, modern look with reduced maintenance. A 36" SOLIDOOR™ side entry, built with CNC-cut aluminum extrusions and a laminated core, offers secure, leak-proof access. Additional exterior highlights include sidewall airflow vents, a 16" ATP stoneguard for front-end protection, and all-LED lighting for enhanced visibility and safety.

Interior Features

Inside, the ST DLX enclosed car trailer offers premium protection and versatility. High-performance engineered wood walls and ¾" engineered wood flooring create a rugged, long-lasting interior. A

beavertail design and a 4000 lb. rear ramp with a 16" extension flap simplify loading low-clearance vehicles. The integrated recessed step at the side entry provides easy interior access. Four 5000 lb. recessed D-rings ensure secure vehicle tie-downs. Bright LED lights illuminate the interior space.
