Price: \$18,750.00

Description

Overview

One of the keys to building the best dump trailer on the market means having a low-profile frame. Lamar's Low Pro Dump Trailer is a 14k dump trailer, (available as a 16k dump trailers, and 21k dump trailer) with a

28" deck height. This makes unloading and loading and equipment easy. \

This model is ideal for home owners, commercial use, construction, landscaping, trash removal and a host of other applications. \

Whether

you are looking for a low side dump trailer or a high side dump trailer, the Lamar Low Pro Dump trailer offers both, with 24" sides or 48" sides. \

With a payload of either 9,000lbs, 11,000lbs or 15,000lbs depending on axle size, the low pro dump trailer can handle all types of material and equipment. \

Our heavy duty dump trailer comes fully equipped, and standard with all the best options. 10k jacks, diamond plate fenders, a 43° dumping angle, hydraulic scissor lift, massive toolbox, d-rings, spreader gate and barn door combo, LED bullet lights, fully sealed weather resistant wiring, black wheels, 12" spaced crossmembers, rear slide in ramps and a 13lb I-beam frame. \

Don't miss out on our gooseneck dump trailer option for a fifth wheel hookup, available with 6" raised neck for lifted trucks. \
