Description

Model: HXD

Low Profile Extra Wide Hydraulically Dampened Tilt Trailer

The HXD is a 102? wide gravity tilt equipment trailer designed for serious versatility. With drive-over fenders, a 4? stationary deck, and an 14.9K- 23K GVWR, it’s built to easily handle everything from wide vehicles to heavy equipment. For ultimate loading versatility, the HXD offers the Pro Tilt upgrade, allowing seamless switching between gravity and power tilt modes to adapt effortlessly to various load and terrain conditions. Whether you’re hauling machinery or weekend toys, the HXD delivers reliable performance every time.

Popular Upgrades

- Pro Tilt allows you to seamlessly switch between gravity and power tilt, offering the best of both worlds depending on your load, terrain, and job requirements.
- Hydraulic Jack - A must have for anyone who hooks and unhooks their trailer often! Fast, convenient, and strong.
- Pop-up Winch - The Pop-Up Samurai Warrior Winch system takes our popular 12K winch and hides it away, maximizing deck space on your car haulers, equipment trailers, and more! The winch pops up when you need it, then folds back down into the deck when not in use.
