Price: $3,499.00

MSRP: $4,599.00

Description

The 2027 Wolverine Crank-Up is a pontoon trailer that loads with a self-braking crank-up winch instead of bunks. The long, narrow frame runs up between the toons, so you crank the boat up onto the trailer under control rather than power-loading it, which is easier on the boat and on shallow ramps. A four-step boarding ladder with handrail and adjustable guide-ons come standard.
• Self-braking crank-up loading winch with deck stops
• Long, narrow frame with no bunks to line up on
• Powder-coated steel tube frame with aluminum diamond-plate fenders

• Adjustable carpeted 8 FT load guide-ons
• Through-bolted 2" zinc-plated coupler with a 5,000-lb tongue jack and 6" wheel
• Submersible all-LED lighting with a lifetime warranty and a 4-way flat harness
• Deluxe 4-step boarding ladder with handrail and D-ring tie-downs
Please give us a call for details and current trailer availability. Descriptions are subject to possible errors, so we recommend calling to verify all information.
