Sales Price: $5,100.00

Description

Lightweight, durable, and packed with premium upgrades, this 2027 Sure-Trac 6x12 Aluminum Utility Trailer is designed for homeowners, landscapers, and contractors who want dependable performance without the added weight and maintenance of a steel trailer.

Built with all-aluminum construction, this trailer offers exceptional corrosion resistance and easy towing while maintaining the strength needed for everyday work. Factory upgrades including a torsion axle, electric brakes, and a bi-fold rear gate make this trailer stand out from the typical utility trailer. The torsion suspension provides a smoother ride and reduced trailer bounce, while the electric brakes add confidence and control when towing.

Whether you're hauling mowers, ATVs, landscaping equipment, building materials, or general cargo, this Sure-Trac is built to make loading and transport simple and reliable.
