2026 K-Trail 25' Galvanized Tandem Dual Gooseneck Trailer with MAX Ramps & Rear Stabilizer Legs

The 2026 K-Trail 25' Galvanized Tandem Dual Gooseneck Trailer is a premium heavy-duty equipment trailer designed for serious commercial hauling. Featuring tandem 15,000 lb Dexter axles, a 35,825 lb GVWR, hydraulic jacks, and heavy-duty MAX Ramps, this trailer delivers exceptional strength, durability, and loading convenience. Its galvanized construction provides excellent corrosion resistance, making it an outstanding choice for contractors, farmers, equipment operators, and commercial haulers.

Key Features:

25' gooseneck deckover trailer

35,825 lb GVWR

6,700 lb dry weight

Approximately 29,125 lb calculated payload capacity, subject to trailer ratings and loading limits

Tandem 15,000 lb Dexter dual-wheel axles

Electric drum brakes

Heavy-duty Hutch suspension

MAX Ramps for convenient equipment loading and unloading

Rear stabilizer legs for additional support during loading

Hydraulic jacks for effortless hookup and unhitching

Galvanized construction for superior corrosion resistance

ST215/75R17.5 16-ply tires

Front-mounted toolbox for convenient storage

Matching spare tire and wheel

Heavy-duty gooseneck configuration

With its 35,825 lb GVWR, galvanized finish, tandem dual-wheel Dexter axles, and hydraulic jacks, this K-Trail is built to handle demanding hauling applications. Whether you're transporting excavators, skid steers, tractors, heavy machinery, or construction equipment, this trailer combines impressive capacity, long-lasting durability, and convenient loading features to keep you working efficiently.
