Description

The 2027 PJ D7 is PJ Trailers' popular 14K tandem-axle dump trailer, sized right for contractors, landscapers, and property owners hauling gravel, debris, and bulk material. The 14FT bed and 6" channel frame balance strength with an accessible price point. Fourteen thousand pounds is the size most contractors settle on -- enough for a real load without needing a bigger truck.
• 14K - GVWR with tandem 7,000-lb electric/spring axles

• 6" channel frame with 3" crossmembers on 16" centers
• 14FT dump bed with 10-gauge steel floor and 24" 10-gauge steel sides
• Hydraulic scissor hoist (5" x 17" cylinder) — power up / power down / gravity down
• Rear combo gate (barn doors and spreader) with slide-in channel ramps and lockable tongue toolbox
• BP 2-5/16" adjustable coupler, 7,000-lb top-wind drop-leg jack, and electric breakaway system with charger

This unit also includes:

• Tarp kit
• Spare tire mount (bracket only)
