Description

Heavy Duty Low Profile Beavertail Deckover
Discover the unmatched versatility and strength of the Sure-Trac Heavy Duty Low Profile Beavertail Deckover Trailer, designed to meet the demands of serious haulers. This trailer is the perfect solution for transporting heavy equipment, vehicles, and machinery with confidence and ease.
The beavertail design features a sloped rear section that provides a gentle incline, making loading and unloading significantly easier. This innovative feature reduces the risk of damage to your cargo while ensuring smooth transitions for wheeled equipment, such as tractors and vehicles. With a lower deck height, the trailer offers enhanced stability, giving you peace of mind on the road. And, if you want even more hauling stability, this model is available in a gooseneck configuration.
