Description

KM Trailers LLC offers special-order enclosed trailers customized to meet your needs and preferences. Specifications and designs may vary by customer. Pricing varies based on selected customizations and options. Contact us for a quote!

The Seed Cargo 7x16 Tandem Axle Enclosed Cargo Trailer with Blackout Package integrates a stealthy, high-end aesthetic into a heavy-duty commercial build. This specialty package replaces all traditional mill-finish aluminum and chrome hardware with dark accents, providing a clean look ideal for businesses, racing setups, and custom haulers.

1. Trim & Borders: Matte or satin black aluminum trim across all exterior corners, top/bottom rails, and door headers.
2. Fenders & Corners: Black ATP jeep-style or radial fenders and black rear corner headers.
3. Hardware Finish: Black powder-coated door bars, cam locks, hinges, and grab handles on both the side door and rear ramp.
4. Wheels: Sleek black custom aluminum alloy mag wheels or black steel rims replacing standard silver wheels
5. GVWR: 7,000 lbs via dual 3,500 lb leaf spring drop axles with electric brakes on all wheels.
6. Weight Profile: Empty weight sits at approximately 2,300 lbs, yielding a net payload capacity of 4,700 lbs
7. Siding Upgrade: Features an advanced .080 gauge semi-screwless poly-composite/polycore exterior skin, engineered to eliminate wrinkling and oil-canning under sun exposure.
8. Interior Clearance: Often configured with an upgraded 7-foot (84") or 7'3" (87") interior height to accommodate side-by-sides, workspace shelving, or tall equipment.

****Trailer Descriptions & Specifications: Trailer descriptions, features, and specifications may vary by model and are subject to change without notice. Customizations, upgrades, and specifications may vary based on customer needs and preferences. Pricing may vary depending on selected options and upgrades.
