Description

The CAM Superline® Power Tilt Car Hauler Trailer provides a safer, easier way to load your car by replacing steep, clunky ramps with precision hydraulics. This 14,000 lb. GVWR car hauler trailer features a push-button system that lowers the entire deck to the ground, creating a controlled transition for low-clearance vehicles. It is the ultimate engineering solution for drivers who want to protect their investment and simplify their haul.

Push-Button Hydraulics

Offers a safer, easier way to load your car by using a 12V system to tilt the deck smoothly, eliminating the risk and heavy lifting of manual ramps.

Full-Length Rub Rail

Secure specialty vehicles or light equipment with versatile, heavy-duty tie-down points across the entire frame.

Bolt-In Lockable Toolbox

Keep your straps, winches, and gear organized and protected from the elements with this standard toolbox.

Integrated Bulkhead

Load confidently with this layer of structural protection and a forward stop-point for your vehicle.

4-Amp On-Board Charger

Your tilt trailer is always powered and ready for a predictable, stress-free loading experience.

Removable Fenders

Step out of your vehicle with ease with removable fenders that allow for extra door clearance after loading.
