Description

Get to Work
The Bad Boy 4025 Series Tractor is as tough as they come. It has the largest frame of any tractor in its class, making it stronger and giving it more ground clearance than the competition. Equipped with a **25-horsepower diesel engine** and up to 2,200 lbs. of lifting power, it can handle chores usually reserved for much larger tractors. Differential lock automatically equalizes power to both

rear wheels, while selectable 4-wheel drive engages the front wheels to maximize traction and pulling power. If you want durability and performance, this compact tractor is all Bad Boy.

Ready For Any Job

Getting the job done right starts with a Bad Boy 4025 Series Tractor. Its tough 3-point hitch, quick-attach front loader and latch implements make work quicker and easier. All Bad Boy implements are manufactured to industry-leading standards and made from heavy-gauge, welded and fabricated steel. The lineup includes Box Blades, Land Graders, Rotary Tillers, Disc Harrows, Forks and Hitches, Front Grapples, Grader Blades, Landscape Rakes and Rotary Brush Cutters. They're built for a lifetime of work around the field and farm.
