Description

2026 HXD210 Max Width Hydraulic Dampened Tilt Trailer – 24'
Heavy-duty 24' Max Width deck-over tilt trailer designed for hauling equipment, machinery, vehicles, and other large loads. This trailer features a 6' stationary deck with an 18' hydraulic dampened tilt bed, tandem 10K torsion axles, ABS, and a 25K Demco coupler.
Key Features:
24' x 102" frame
6' stationary deck / 18' tilt bed
Max Width package with heavy-duty 10-gauge drive-over fenders and frame extensions

Hydraulic dampened gravity tilt system
Tandem 10,000 lb torsion axles
Electric drum brakes with ABS
3" I-beam crossmembers on 16" centers
Engineered beam frame
18-ply ST235/75R17.5 super single steel tires
Matching 18-ply spare tire
25K 2-5/16" Demco EZ-Latch flat-mount coupler
20,000 lb hydraulic jack
Floor-level winch mounting plate with tilt-bed roller
2" treated wood flooring
2" x 3/8" rub rail with stake pockets and pipe spools
10 total 5/8" D-rings, including 6 additional tie-downs
Heavy-duty V-tongue storage box with lid
Spare tire mount on passenger side of tongue
Cement Gray finish
The Max Width configuration and drive-over fenders provide additional usable deck space and versatility when loading equipment. The hydraulic dampened tilt system allows for smooth, controlled loading without sacrificing the heavy-duty construction you expect from a commercial-grade trailer.
Ready for work and built to handle serious equipment.
