Description

Component
Description
Model / Package
NXG HDX Heavy-Duty Service Body / Deck System
Available Lengths
84", 8'6", 9'4", 11'4" configurations
Frame Rails
4" structural channel steel frame rails for maximum strength
Crossmembers
3" roll-formed steel crossmembers for superior deck support and load capacity
XCoat Finish System
Multi-stage cleaning and powder coating system providing exceptional corrosion resistance and long-lasting durability
XRack System
Integrated headache rack (not bolt-on) built from 3" × 4" steel tubing with mandrel bends and built-in XLights with strobe capability for job-site safety
XDeck
Fully recessed 1/8" steel tread plate deck maximizing usable cargo space and protecting edges from wear and corrosion
XHitch (Gooseneck)
Frame-integrated 30,000 lb gooseneck hitch system with safety chain keepers, pre-wiring, and emergency breakaway loop

Receiver Hitch
25,000 lb integrated 2.5" receiver hitch system for heavy towing applications
Side Rails
3/8" × 2" formed steel rub rails with integrated stake pockets and tie-down compatibility
Fuel Fill
Angled corrosion-resistant fuel fill design to reduce splashback and improve fueling efficiency
Electrical Plug
Automotive-grade 7-way / 4-way 12V trailer connection for reliable towing hookups
Marker Lighting
DOT-approved LED bullet marker lights for enhanced visibility and safety
Toolboxes
Four (4) lockable flush-mounted toolboxes with bulb weatherstripping for sealing and corrosion protection
Toolbox Latches
Black T-handle compression latches, keyed alike for convenience and security
Fenders
Heavy-duty steel radius fenders for durability and long service life
Side Steps
Integrated NXG XSteps at front, behind fenders, and rear for easy bed access
Rear Skirt
One-piece formed steel rear skirt with tapered corners for improved turning clearance
Gooseneck Rating
30,000 lb XHitch integrated gooseneck system
Receiver Rating
25,000 lb 2.5" integrated receiver hitch
