Description

Component
Description
Finish System
EpoxiShield powder coat system featuring a zinc epoxy primer and ultra-durable polyester top coat for exceptional corrosion resistance, color retention, gloss, and scratch resistance
Headache Rack
Fully integrated steel tube headache rack engineered with premium materials for maximum strength, protection, and durability
Frame Rails
Heavy-duty 4" structural steel channel frame rails for superior strength and long-term corrosion resistance
Crossmembers
3" structural steel channel crossmembers providing exceptional deck support and overall body strength
Side Rails
3/8" × 2" steel side rails with integrated stake pockets for versatile cargo securement
Deck
Heavy-duty 11-gauge steel tread plate deck finished with EpoxiShield powder coat for outstanding durability and wear resistance
Gooseneck Hitch
30,000 lb B&W gooseneck hitch with integrated 7-way electrical plug for heavy-duty towing

Receiver Hitch
24,500 lb B&W receiver hitch with 2-1/2" receiver tube integrated into the frame
Wiring Harness
Modular sealed wiring harness designed to resist corrosion, moisture intrusion, and harsh operating conditions
Trailer Electrical
Rear-mounted 7-way round and 5-way flat electrical plugs for convenient trailer connections
Marker Lights
DOT-approved smoke LED bullet clearance and marker lights for increased visibility and safety
Rear Lighting
Lifetime warranty smoke LED oval stop, turn, and tail lights integrated into the headache rack and rear skirt for maximum visibility and long service life
Fuel Fill
Angled fuel fill design for easier fueling and improved corrosion resistance
