Price: $29,491.00

Description

Bad Boy Power
The 4035 Series Tractor is the biggest tractor in the Bad Boy lineup, built to handle hard work and make every job easier. Its eco-friendly “A” Series diesel engine delivers 35 horsepower while sipping fuel, and the loader lifts up to 2,200 lbs. The differential lock equalizes power to both rear wheels, while selectable 4-wheel drive engages the front wheels for increased traction and pulling

power.

Implements Make Quick Work
The Bad Boy 40 Series Tractor features a tough 3-point hitch and front-loader quick attach and latch implements built to industry-leading standards. Heavy-gauge welded and fabricated steel construction is ready for work around the field and farm. Available implements include Box Blades, Land Graders, Rotary Tillers, Disc Harrows, Forks and Hitches, Front Grapples, Grader Blades, Landscape Rakes and Rotary Brush Cutters.

Tough as Steel
The Bad Boy 4035 Compact Tractor features a heavy-duty steel hood and fenders with cast iron axles. It delivers the quality and dependability expected from Bad Boy, backed by a 6-year powertrain warranty.

The Features That Drive You
Hydro Max transmission automatically increases engine RPMs evenly with the push of a pedal, eliminating the need to preset the engine throttle. The smooth, quiet 3-range transmission offers low and medium ranges for work and high for transport. Power steering and cruise control provide maximum performance with minimal effort. The available climate-controlled, all-weather cab helps protect against rain, snow, blistering sun and other inclement weather.

Features

- 35 Horse Power
- 2,200 lbs. Loader Lift Capacity At Pins
- Metal Hood and Fenders
- Cast Iron Axles
- Factory Cab with Heat and Air Available
- Easy to adjust pin style stabilizers
- Cruise Control
- Hydro Max Transmission
