Price: $7,880.00

Description

The Brenderup Solo is one of the best-known single-horse trailers on the road. It's built in Europe with a hot-dip galvanized steel frame and a fiberglass roof, and it rides smooth on a torsion axle with shock absorbers. At about 1,550 lbs it's light enough to pull with an SUV or a smaller truck. Its inertia brakes apply on their own as the load pushes, so no brake controller is needed.
Sold As-Is
Features:

- Single stall, about 51" wide, fits horses up to about 16 hands
- About 7'4" interior height
- 1,250 lb payload
- Easy-lift rear ramp
- Front escape/groom door with window
- Opening side windows for airflow
- Adjustable chest bar and butt bar
- Galvanized frame for rust resistance
- Torsion suspension with shocks
