Description

HXD 24? × 102? Max Wide Gooseneck Tilt Equipment Trailer

Load your skid steer, compact tractor, or other equipment without handling separate ramps. This Carbon Metallic Gray HXD pairs an 18-foot hydraulically dampened gravity tilt bed with a 6-foot stationary front deck for attachments and gear. The Max Wide Package adds heavy-duty drive-over fenders and frame extensions to accommodate wider equipment.

Two 10,000-lb torsion axles with ABS-equipped electric drum brakes sit beneath an engineered beam frame with 3-inch I-beam crossmembers on 16-inch centers. Eight D-rings and rub rails with stake pockets and pipe spools give you multiple ways to secure your load. Up front, the engineered gooseneck includes a chain tray, a winch mounting tray, and dual 20,000-lb Simol two-speed drop-leg jacks.
