Description

12? × 77? I-Beam Dump Trailer | 9,890-lb GVWR | Onyx Black

Haul mulch, gravel, brush, and jobsite debris with this 12-foot dump trailer equipped with the 206 Package. The 24-inch steel sides, sideboards, and raised front give you extra room for bulky material, while the preinstalled 18-foot heavy-duty black mesh tarp makes it easy to cover the load. A three-way dump gate gives you options for unloading, and 60-inch rear slide-in ramps let you load small equipment when the job calls for it.

A three-stage telescopic cylinder raises the bed under power and lowers it by gravity. The 6-inch I-beam frame and tongue are paired with two 6,000-lb straight axles with electric brakes and five-leaf slipper springs.
