Description

22? × 102? Max Wide Tilt Equipment Trailer | Mocha Metallic

Load your skid steer or compact tractor without handling separate ramps. This 22-foot equipment trailer pairs an 18-foot hydraulically dampened gravity tilt bed with a 4-foot stationary front deck for attachments or gear. The Max Wide Package adds 10-gauge heavy-duty drive-over fenders and frame extensions to accommodate wider equipment.

An 8-inch I-beam frame supports the 2-inch treated wood deck, and dual 7,000-lb drop axles come equipped with electric drum brakes. Four D-rings and rub rails with stake pockets and pipe spools give you multiple tie-down options, while the heavy-duty V-tongue box keeps straps and chains within reach.
