INNOVATIVE FEATURES!!!

- The walls and roof are made of robust GreenEdge bio-composite panels, without joints.
- The floor is made of ULTRA resistant anti-slip panels.
- The trailer's interior and exterior finish feature a unique, unrivalled aesthetic.
- GreenEdge bio-composite panels are made from 100% recycled materials. Average of 6500 plastic bottles recycled per trailer manufactured.
- GreenEdge bio-composite panels are assembled with a solid aluminum extruded structure exceeding the durability standards of any other trailer on the market.
- GreenEdge technology ensures that your trailer is already R5 insulated.
- The floor structure is made of 100% hot-dip galvanized steel. The framing of the walls are made of aluminum extrusions.

- The rear cap is made of a heavy-duty aluminum extruded structure reinforced with galvanized steel gussets.
- Biocomposite panels made from recycled plastic bottles.
- High impact resistance.
- Smaller carbon footprint.
- Thermal resistance, insulation and soundproofing.
- Unrivalled panel lifespan.
- In 3 words: sleek, lightweight and robust

INNOVATION AT YOUR DISPOSAL

- Insulated lining offers a temperate and comfortable space for you and less damageable for your equipment.
- Soundproof lining allows you to work without disturbing your customers.
- A white finish interior ensures increased brightness.
- Panels specially conceived to allow a customized arrangement without complications.
- Heavy duty material for a reduced wear and increased longevity.
- White finish = brighter interior
- Thermal and sound insulation
- Easy installation for interior design

THE IDÉAL CARGO DIFFERENCE IN 10 POINTS

1. Single side door with flush lock handle and ramp door (1,200 lb capacity) for SA and TA trailers or ramp door (4,500 lb capacity) for TA3 and more. Duraflap and 4 floor D-rings included.
2. ULTRA impact-resistant and joint-free GreenEdge bio-composite panel walls and roof.
3. High-performance LED interior and exterior lights, and connector that stays flexible up to -40 °C.
4. Triple tongue with adjustable coupler & 7,000 lb galvanized steel (Zinc) trailer jack.
5. ULTRA-STURDY non-slip floor.
6. Hot dip galvanized steel rim and premium radial tires.
7. Hot dip galvanized steel floor structure with 10-year warranty.
8. GreenEdge bio-composite panel walls and roof assembled with solid aluminum extruded structure exceeding the durability standards of all other trailers currently on the market.
9. Superior interior and exterior finish, without joints, for an unrivalled aesthetic.
10. GreenEdge bio-composite panels made from 100% recycled materials—a process that helps give a second life to nearly 6,500 PET plastic bottles per manufactured unit.
