PROFESSIONAL INSTALLATION AVAILABLE FOR \$675

Turn Your Pickup Into a Dump Truck with DumperDogg Dump Inserts

DumperDogg Inserts provide the power, versatility, and convenience of a dump body without the massive investment needed for a dedicated dump truck. If you're a landscaper or contractor looking for a surefire way to increase efficiency and improve productivity, a DumperDogg is the solution for you. With a max payload capacity of 6000 lb (up to 3 cubic yards, depending on model), these Doggs have the strength to tackle any dump body job. Haul mulch, gravel, and other bulk materials with ease and unload them with the push of a button - no more shoveling! A dump insert also enables your crew to clean up grass clippings, leaves, etc. in a fraction of the time. Add a DumperDogg dump insert to your pickup truck to get more jobs done in less time. DumperDoggs are the best dump insert for pickup trucks, including popular models like the Ford F-250, RAM 2500, and Chevy Silverado 2500. Installation is quick and easy, taking around ~2 hours for most trucks.

Power & Reliability

A 3 HP Monarch® motor connects to your pickup truck's electric to power the double-acting hydraulic scissor hoist. This lifts the DumperDogg to a 45° angle for optimal dump action.

Deck Out Your Dogg

If you already have a DumperDogg, it's time for some upgrades. Kit your dump insert out with a tarp kit, cab guard, and side wall extensions.

Year Round Versatility

Turn your DumperDogg into a full-featured salt spreader for the winter months with a SaltDogg Replacement Tailgate Spreader.

DUMPERDOGG STAINLESS STEEL DUMP INSERT

Transforms your 3/4 ton and up pickup into a dump truck, saving you time, effort and cost when unloading heavy or bulky material.

Double pivoting and removable tailgate lets you load and access the truck bed with ease.

Completely clears truck bed of material with a maximum 45° dump angle.

Corrosion-resistant powder-coated steel frame and stainless steel insert.

Included body-up indicator kit alerts you when the DumperDogg is raised.

Pair with the SaltDogg Tailgate Replacement Spreader to turn your truck into a salt spreader during winter.

Versatile design lets you continue to use your truck for transporting items like plywood sheets or pallets.

Tarp system, side extensions, and cab guard sold separately (see "Accessories" below for more information).

Backed with a 2 year warranty.

Buyers Products DumperDogg Stainless Steel Dump Insert transforms your pickup truck into a dump truck, making it easier to transport and unload heavy, loose material such as mulch or stone. Built from 12 Ga stainless steel, the inserts will fit either a 6 ft or an 8 ft domestic truck bed on 3/4 ton and up pickups. Each insert has a payload capacity of up to 6,000 lb.

The DumperDogg Stainless Steel Dump Insert bolts to the frame of your vehicle and uses a powerful scissor hoist to provide a dump angle of up to 45°. The self-contained 3 HP power unit connects to the vehicle's electrical system to operate the power up/power down hoist. A body-up indicator kit is included to notify you when dump is in the upright position. The DumperDogg Stainless Steel Dump Insert has a tethered control box with a 10 ft cord so you can operate from a distance.

The multi-purpose DumperDogg Stainless Steel Dump Insert has a double pivoting and removable tailgate. Four 3/4 in. quick release hinge pins allow the tailgate to open up or down for loading or unloading. They can also be removed completely for easy access to the truck bed. These features enable you to continue to use your truck for transporting standard items, accommodating plywood sheets and pallets. A powder-coated steel structural frame maintains the integrity of the DumperDogg Stainless Steel Dump Insert for years of use.

Product Common Use: Landscaping, Construction, Contractors, Agriculture
