****DEMO UNIT ****

Professional Installation Available for \$750

Prices are only good on in stock equipment. Additional cost will occur if anything has to be modified to make the spreader fit or operate.

MODEL: 92440SSA

- Works with 96 in. wide dump bodies.
- Rugged 6 in. auger with 3/8 in. flighting.
- 12V DC-powered electric drive with independent conveyor and spinner motors.
- Handles bulk salt or a 50/50 sand/salt mix.
- 14 in. poly spinner can cast material up to 25 ft.
- Available with center or standard discharge.
- High quality 304 stainless steel construction.
- Optional stainless steel spill shields.
- Made in the USA.
- Buyers Products SaltDogg Electric Under Tailgate Spreader is an ideal choice for trucks that are not equipped with a central hydraulic system. It can spread bulk salt and 50/50 salt/sand mixes and works with 96 in. wide dump bodies.
- The spreader is built with corrosion resistant 304 stainless steel. It features an anti-flow plate and an auger screen to help break up clumps and prevent jams. A 6 in. auger with 3/8 in. flighting is powered by a 3/4 HP motor to provide steady material flow. A three-point hinged bottom cover allows easy access to the entire auger assembly and hassle-free cleaning.
- The 14 in. poly spinner, powered by an independent 1/2 HP motor, spreads material 2 to 25 ft. A sealed, self-aligning 1-1/4 in. diameter bearing with grease fittings ensures the spreader operates at peak performance.
- The spreader is controlled by a heavy duty, in-cab controller with independent variable speeds for the auger and spinner. Available with standard or center discharge.
- Additional options, such as a stainless steel spill shield, are available. Call for more information.
- Product Common Use: Dump Bodies, Snow and Ice Control, Road and Highway Maintenance
