Description

Mobile Refrigeration/Freezer Trailers for Sale

POLAR KING MOBILE TRAILERS:

Size: 6'x16'

GVWR: 9,900 lbs.

Trailer Weight: 3,300 lbs.

Payload Capacity: 6,690 lbs.

Industry Leader: First commercial grade refrigerated trailer that can be towed behind a pickup truck.

Power Requirement: All you need is a standard 110v outlet and heavy-duty extension cord to power the cooling unit. If constant power is a problem a small generator can easily run the unit.

Applications:

- Catering and Hospitality Industries
- Disaster Relief and Emergency Services for State & Local Governments
- Hospitals and Mobile Morgues
- Seasonal Demands
- Weddings
- Sporting Events & Concessions
- Corporate Sponsorships
- Exhibitions & Trade Shows
- Supermarkets & Food Processors
- Mobile & Fast Food Industry
- Florists & Growers

Refrigeration Unit: GOVI Arktik 2000US

Construction:

4" thick (R-28) foam & fiberglass roof and walls

3/4" Keg Duty Floor

54"x70" Door

2-5/16" Demco Coupler

Electrical Specifications: 110v 15amp Single Phase

Polar King Mobile refrigerated trailers are constructed with a seamless fiberglass design and are available in three standard models 6'x8', 6'x12' and 6'x16'. Each trailer features 54-inch reinforced doors four-inch walls and a pallet duty floor. The actual cooling of the trailer is achieved using a GOVI Arktik 2000US series refrigeration unit. These compact units are all-electric and require only 110V and 15 amps.

Polar King Mobile trailers are designed and engineered specifically for outdoor use. The patented process for constructing the one-piece structure Polar King walk-in refrigerated trailers incorporates urethane insulation completely encased fiberglass both inside and out. There are no seams and the structure remains completely intact so air and moisture will not deteriorate the insulation.

Nothing like this historically has been available in North America – this is an exceptional mobile refrigerated solution from a world class manufacturing company. Polar King International (Polar King Mobile's parent company) has four decades of walk-in cooler & freezer technology applied to these refrigerated trailers.
