Description

This Meadow Creek BBQ42 Chicken Cooker is one of our best sellers. Grill large amounts of perfect chicken without a sweat. Its flipping sandwich grate lets you turn 40 pounds of chicken with one stroke of your hand.

The top lid gives you plenty of control over a hot fire. Leave the lid open for darker, more crispy skin on your chicken or close the lid for beautiful, golden-brown skin. Height adjustment brackets for the charcoal pan let you bring the heat closer to the grate for steaks or hundreds of hamburgers and hotdogs.

Charcoal/wood-fired. Not available in gas/propane. Holds 40+ lbs. of chicken (1 case of legs and thighs).
