Description

Fritz Trailer Sales Penn Yan Ny
Special Price, Floor Display Model!
Meadow Creek trailer smokers come with a list of standard features other manufacturers usually sell as options. As on all our TS trailer models, this BBQ smoker trailer comes with non-rusting

T304 stainless steel grates, a warming box to keep your food warm, and a slide-out ash pan which helps your fire burn efficiently and makes clean-up more convenient. Reverse flow design makes it a breeze to maintain a steady temperature on long cooks.
Built by experts in welding and trailer manufacturing, this classy BBQ smoker is designed to give you many years of dependable service. The TS120 is just like the TS250 BBQ Smoker, but smaller.
Deck it out with a mounted BBQ26 or BBQ42, stainless steel work shelves, insulated firebox, and trim package for a rig that will look great behind your pickup truck.
The TS120 is a fine option for mobile chefs and serious barbecue enthusiasts. Whether you are cooking for clients or family and friends, this rig will help you crank out delicious, mouth-watering barbecue every time.

Features of the TS120 Barbeque Smoker Trailer
Reverse flow draft
Wood box
Positive-lock latches on all doors
Grate in firebox with slide-out ash pan
Drain with ball valve for draining the tank
Stainless steel handles
Door on one side of smoker
Stay cool handles, firebox door, and warming box door
2 exterior **Stainless** work shelves
Warming box with 3 shelves
Stainless steel calibratable thermometer on smoker and warming box doors
Heat baffles on firebox protect the tires from excessive heat.
Cooking grates are made of rust-free food-grade T304 stainless steel rod and easy to clean.
Built in water pan helps keep your meat moist when water smoking with apple juice or other liquid.
Tank is made of 3/16” plate steel and firebox of 1/4” plate steel and painted with black heat-resistant paint in an attractive matte finish.

Trailer is built on a tubular frame and features a 2” ball hitch and safety chains, heavy-duty wheel jack, rubber torsion axle, road-worthy tires, and DOT-compliant flush-mount LED lights, reflector strips, and VIN plate.
We are a licensed trailer manufacturer and can provide a certificate of origin the trailer.
Included BBQ42 Chicken Flipper
