Price: $11,550.00

MSRP: $12,932.00

Description

POWER PLOW
The SnowEx(r) adjustable-wing POWER PLOW offers the versatility to expand plow width by moving the wings outward (WIDE PASS) or increase capacity by angling the wings forward (BUCKET BLADE(tm)) to match plowing conditions. A snow plow in compact mode for transport and narrow areas can quickly be expanded for extra wide plowing passes by simply pushing a button.
Variable Straight Blade Modes

Change On The Fly - 8100PP model expands from 8' to 10' - Use compact mode for transport and plowing narrow areas, or expand the wings to make extra wide plowing passes. - Make adjustments at the touch of a button for maximum plowing efficiency.
Scoop and Windrow Positions
A Model of Efficiency
The POWER PLOW is engineered for efficiency, allowing you to shift the plow blade from BUCKET BLADE scoop mode to an optimum windrowing position with the simple push of a button. Scoop mode can carry up to 30% more snow than a straight blade, while a windrowing angle helps complete the job in fewer passes.

Key Accessory

Scrape Maxx(tm) Down-Force Kits
Add down-force to your SnowEx truck plow to bust through hard pack and maximize back-dragging performance. The Scrape Maxx down-force kit can be added to any SnowEx truck plow and uses the existing control.
****LED Headlights extra****
Note - Some vehicles may required extra parts not included at this price.
