Description

2026 R&R Trailers 714 Cat Cargo / Enclosed Trailer

All-Aluminum Frame | Dual Torsion Axles | Rear Ramp Door | 5,120 lb Payload | 7,000 lb GVWR
The R&R CAT Series is an aluminum enclosed cargo trailer built to deliver dependable hauling capability and practical value. Its all-aluminum frame helps avoid the rust concerns associated with steel construction, while the full V-nose, torsion axles, electric brakes, side door, and rear ramp door create a versatile setup for transporting tools, equipment, recreational gear, and general cargo.
With more than 30 years of trailer experience, R&R Trailers developed the CAT Series to provide the durability and corrosion resistance of aluminum construction at a practical value. The CAT Series is built to meet R&R Trailers' standards while offering a capable enclosed cargo solution for work, recreation, and everyday hauling.
