Price: $11,720.00

Description

Unlike traditional tilt trailers that require more than one person and that can be difficult to load an automobile, Kwik Load trailers are designed to load and go. The unique, innovative design and engineering allows for a quick and easy way to load the trailer by using the towing vehicle to adjust the pitch of the trailer and securely set it in place to load the vehicle that needs to hauled and bring the trailer back to it's in motion position.
Depending on your needs, other options are also available include spare tires, aluminum or wood decking, wing faring and much, much more. Kwik Load Trailers are capable of handling your haul, whether it's taking a backhoe down the road or a tractor across the state.
Standard Features:
Rub Rails and Stake Pockets
One of the lowest load angles of any open trailer
Steel diamond plate loading deck.
12,000 GVWR with silver mod wheels.
RADIAL tires,
DEXTER Torflex Axle with Easy Lube Hubs.
BOTH fenders removable
