Description

Based on the material your operation most commonly uses for de-icing, the WESTERN® MARAUDER line offers the best material delivery system for you. The S070A and S070C are suited for half-ton and light duty pickup trucks and the S035A and S035C are purpose-built for mid-duty UTVs and compact trucks.

- Capacity: 0.35 & 0.7 cu yd
- Materials: Salt & Sand
- Spread Pattern: Broadcast

It’s your job to make sure the world keeps moving … and to do that, you need ice control equipment you can rely on. The all-new MARAUDER stainless steel hopper lineup is engineered to get the job done right. Choose the best material delivery system for your operation based on the de-icer you commonly use … either the all-new HELIXX™ shaftless auger for precise rock salt application or the pintle chain conveyor that’s perfect for thick, heavy de-icing materials. Whatever choice you make, you’ll get the delivery performance you demand.

- Capacity: 1.5 - 5.0 cu yd
- Materials: Salt & Sand
- Spread Pattern: Broadcast
