Description

Like all WESTERN® products, the MVP PLUS™ v-plow is built for efficiency, durability and performance—but it also gives you the added level of productivity that only a v-plow can achieve, letting you cut through deep banks and clear more snow in fewer passes.

- Blade Widths: 8'6" & 9'6"
- Fits: Truck Class 2 & 3
- Moldboard: Powder-Coated Steel or Poly

The rugged MVP 3™ v-plow gives you all the power, productivity and performance you need for commercial snowplowing. With extreme flared wings, up to 45? on the heavy-duty 10? 6? model, and double-acting cylinders, the MVP 3 v-plow has earned its reputation as a reliable plow by consistently delivering on what matters most—getting more jobs done faster.

- Blade Widths: 8'6", 9'6" & 10'6"
- Fits: Truck Class 2 - 7 & Tractors
- Moldboard: Stainless, Powder-Coated Steel, or Poly

Unique Features:

- Plow Blade Construction
- Reliable Hydraulics
- Trip Protection
- Structural Reinforcement
- Double-Acting Cylinders
- Steel Center Gap Cover
- Tractor Compatible Mount Kit (MVP 3)
- 10' 6" Heavy Duty Features (MVP 3)
- Curb Guards (MVP 3)
